MOHIT KUSHWAH

Python Developer | Backend Developer | Software Developer

6260525514 kushwahmitansh@gmail.com MohitCodebyte MohitCodebyte GWALIOR, India

PROFESSIONAL SUMMARY

Computer Science student and **Python Developer** with hands-on experience in backend development, REST APIs, web applications, and databases. Completed a **6-month internship** at NexvoraTech, gaining practical software development experience. Proficient in **Python, SQL, MySQL, Git/GitHub**, and API development.

WORK EXPERIENCES

Development Intern | Internship — Feb 2026 - Aug 2026

NexvoraTech — *Hybrid • gwalior*

- Developed web applications from development through deployment.
- Implemented backend functionality, APIs, databases, and frontend-backend integration.
- Performed debugging, testing, optimization, and application deployment, gaining practical experience in **end-to-end software development workflows**.

Technologies / Skills Used : *Python, REST APIs, SQL, MySQL, HTML, CSS, Flutter*

EDUCATIONS

Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV) | gwalior — Jun 2024 - Jun 2028

Bachelor of Technology (B.Tech) — *CGPA : 7.30*

- Relevant Coursework: **Programming**, **Data Structures**, **Mathematics**, **Statistics**

PROJECTS

Sahara Hospital Management System

Developer

- Developed a **Python-based Hospital Management System** to manage patient registration and hospital workflows.
- Implemented OPD and IPD modules with **patient record management** and database operations.
- Built **REST API**-based backend functionality and integrated application logic with **MySQL database**.

Technologies / Tools Used : *Python, REST APIs, Database*

Nokri App

Developer

- Developed an Android-based job search application using Android Studio, enabling users to browse and explore relevant job opportunities.
- Implemented job listing, search, and user-friendly navigation features with structured application workflows.

Technologies / Tools Used : *Backend, Database, Flutter*

SKILLS

Databases :	SQL, MySQL
Frameworks & Libraries :	Flask, FastAPI, Requests, Django, SQLAlchemy, Pydantic, Pytest, Flutter
Languages :	Hindi, English
Programming Languages :	Python, SQL, HTML, CSS
Soft Skills :	Problem Solving, Debugging, Data Processing
Tools & Platforms :	Git, GitHub, Postman, Antigravity, Stitch AI, PhpMyAdmin, Render, Android Studio

CERTIFICATIONS

Python Developer Certificate — NexvoraTech

- **Data Science Certification** — Coding Thinker Academy | **2025–2026** | Programming Fundamentals (Python)

AWARDS & ACHIEVEMENTS

- Hands-on website development and deployment experience.
- Built real-world applications including Hospital Management, Gaming Cafe, and Restaurant Management systems.
